For piece of mind, health and safety and to adhere to the diocese safeguarding standards and best practice, it is important that this form is completed **BEFORE** the participant starts any Award activities.

The Award Leader needs to record:

- each activity to ensure each are suitable and are an approved Pope John Paul II Award activity;
- if the organisation is approved and regulated; and
- where the Award participant will be when completing each Award activity.

Activities and organisations can be changed as the participant progresses through the Award. This form should be updated and reviewed when there is such a change.

Where possible, it is highly recommended that participants of the Award carry out their parish involvement and social awareness activities in groups of two or more.
